

## MORAN WORKS IN OLD-TIME FORM

(Special to The Times-Dispatch.)  
Lexington, Va., April 21.—Moran pitched a beautiful game and allowed the Maryland Aggies no hits to-day. He was in old-time form and struck out twenty men, three in the third and seventh and two in each of the others. The varsity played an errorless game and hit Hofferker five times. The varsity scored in the second, when Lancaster walked, took second on a passed ball, third on fielder's choice, and home on Moran's sacrifice. Two came in the sixth, when Turbitt singled, stole second and went home on Smith's single. Smith scored on Erwin's double to left.

Maryland fielded well, but couldn't find Moran. Ledman accepted five chances in centre. Only two visitors reached first by walking. None saw second.

## Shafts From Sportland

Plenty can thank himself for not having a victory to his credit. Just as Hanks was entitled to his game Thursday, so Richmond was entitled to the game yesterday. Cy was floundering around trying to locate the plate, and his floundering cost the game.

Cowan made a great catch of Schrader's fly ball in the fifth. It was a hard chance, and George had to go some to get it.

Martin was covering a wide area when he stubbed Schrader's grounder in the closing box. The ball was going fast and looked like a hit. After gathering the grounder Martin made a perfect throw.

Leary did not make a very favorable impression behind the bat. Neither did Connolly the day before, but Leary was worse than Connolly. He made the boys split the plate before he would call one. Such practice is not good in the big league, and is worse in the minors. Give the youngsters the corners. They deserve them.

Another thing which the umpire should do, and which has not been done up to the present time, is to hurry the players along. There is no excuse for a ball game to run two hours unless there are extra innings. Yesterday but eight innings were played, and the game had to be called on account of darkness.

Much time could be saved if the boys were made to work faster. But the most comment heard was to the effect that the game should be called at this season of the year at 4 o'clock instead of 1:35. Darkness will get many games unless the hour is changed.

The Colts have shown better defensive ability than was expected of them. But the hitting has not been quite as heavy as the previous games led one to believe. McLaughlin, especially, has fallen down. He was hitting like a fend until the season opened, but is now popping them up.

Wallace is playing a great game. He gets everything which comes his way, and is hitting the ball.

The opinion still holds that the Colts are weak in the box. Our slubbers are not showing the form which the better slubbers are showing. We need pitchers.

A pleasing feature of the games thus far is the manner in which Truck Egan is loosening up. He has improved 100 per cent. in the last week.

Fayetteville again to-day, and then Petersburg for a series of three in Petersburg. Verobut will work to-day.

Teams Display Mid-Season Form in Game at Norfolk—Petersburg Loses.

(Special to The Times-Dispatch.)  
Norfolk, Va., April 21.—Finneran held Petersburg to one hit, an infield single by Hamilton in the sixth, with two down, Norfolk winning 3 to 0 in a game good enough for mid-season. Instead of the second of the season, Norfolk scored two runs in the second, when Dodge was safe at first on a dropped throw, followed by a double by Law and a triple to left by Pazel. Only twenty-nine men faced Finneran, two double plays by the Norfolk infield relieving the situation at critical times. Goobers were given life at first by errors, but heads inside work killed them off before they reached the plate, none getting as far as third. The score:

## Remarkable Christmas Present.

Among the curious Christmas presents of this year will be one for a man of national reputation, which has been all year in the making.

Way last January the present was decided upon, and a friend of the prominent gentleman requested the Burrelle Press Clipping Bureau of New York, to watch every paper in America and to take up every item which appeared concerning the man.

The clipping bureau people followed instructions, and now present the history of one year in the life of this special man.

The history ends just after election, and the 2,642 newspaper items found include everything from a three-line editorial mention to full-page illustrated stories. These have been mounted on 3,200 great sheets of Irish linen paper and bound into three massive volumes.

At the head of each item is the name and date of paper clipped from, and information having been put in with a book typewriter. The words thus inserted amount to 163,852.

In actual time, a very strict record of watch has been kept, the work has required sixty-four working days throughout the year, and has kept in employment during that time thirty people, as readers, clippers, sorters, mounters and binders. Every newspaper of importance is represented.

This is merely a specimen of some of the unique orders which get into the Burrelle Bureau, for the extent to which clippings are used by individuals and by business concerns seems to be remarkable.

There are many people in private as well as in public life who need press clippings and don't know it. It might be well for them to look up this man Burrelle, who is said to be so well known that a letter simply addressed "Burrelle, New York," will reach him with no delay.
